FOOT SIZING CHART

Foot Length:

Place child's heel along solid curved line at the base of the chart. Have child place all weight on the foot being measured and relax toes. The line that touches the longest toe indicates the correct foot size. Smaller lines on chart indicate half sizes, always size up if a half size. One foot is often larger than the other, please measure both feet and choose the larger measured size.

Foot Width:

RIGHT FOOT - Align child's instep (inside of the foot) with the solid line on the left side of the chart. If the outside of the foot moves beyond the dotted line, you should go up one size. Reverse & repeat same procedure for the left foot.

Approximate Sizing by Age:

- Infant: sizes 0 - 4T
- Toddler: sizes 4.5T - 10T
- Pre-school: sizes 10.5T - 3
- Grade School: sizes 3.5 - 7

ACCURACY CHECK:

To ensure correct printing size, place a credit card here. If it fits, the chart was printed correctly.

For foot sizing accuracy, we recommend printing this document on 8.5"x11" paper at 100% (full size) & compare to Accuracy Check above

Wide

Grade School	7	_____	7
	6	_____	6
	5	_____	5
	4	_____	4
	3	_____	3
	2	_____	2
	1	_____	1
